

## **Installing Webex on a Mac**

When you first attend a Webex lesson using a Mac and Safari you will be prompted to install the Cisco WebEx Extension. You can simply follow the instructions on screen or follow the steps below:

1. When you first attend it will inform you that you need the Webex add-on. Click the **Download** button.

2. This will download a file called 'Cisco\_WebEx\_Add-On.dmg". Once it has finished downloading, **click on it** to open.
