SUCCESS

Success at SIDE

Schools enrolling students at SIDE can support their students for success by:

providing a dedicated SIDE supervisor and point of contact at their school who will:

- actively communicate with SIDE teachers and the relevant Student Coordinator
- support students with their day-to-day studies
- ensure that students submit their completed work according to SIDE course and assessment outlines
- where applicable, supervise tests and exams.

ensuring access to a quiet and well-equipped learning environment, including:

- an internet connection that is as fast and reliable as possible
- PC or laptop computers (including BYOD devices). PCs/Laptops should run Windows 11 or Apple Mac (OS version 10.15 or above). Other devices such as iPads, Windows 10S, Android tablets and Chromebooks will not fully function with our online teaching platforms
- software installed on the computer should include an up-to-date web browser (Microsoft Edge is recommended), and Adobe Reader or equivalent. Microsoft Office is provided
- USB headsets with microphones
- a webcam
- access to:
 - a printer
 - a scanner or digital camera or mobile phone and data storage
 - a phone

LEARNING

Learning at SIDE

SIDE teachers are in regular communication with schools and students. SIDE uses two main platforms for teaching and learning.

Webex is the SIDE platform for live, online lessons. Two Webex lessons per week are timetabled for most subjects at SIDE

Moodle is SIDE's 24/7 learning management system where students complete work independently, under the direction and guidance of their teachers.

SIDE utilises a range of additional digital learning tools and platforms. To ensure the best access to all digital learning tools, it is essential that schools enrolling students at SIDE support students and families to complete SIDE's [Third Party Services forms](#).
