## Kaitlyn BAYNES

### MY LOCATION:

Albany, Western Australia

### PERSONAL INTERESTS:

My personal interests are learning new things, doing woodwork, volunteering in the local footy club, science, going to the beach, reading new books and music

### SUBJECTS/COURSES STUDIED AT SIDE:

ATAR English, ATAR Maths Methods, ATAR Chemistry and ATAR Biology

### PLANS FOR 2018:

My plans for 2018 are still a bit broad. At the moment it is to stay in Albany, find a job and continue to volunteer at the local footy club. I'll later move up to Perth and go to university to study Biomedical Science and later Medicine.

### STUDYING THROUGH SIDE HAS..

allowed me to complete my studies after undergoing major surgery on my knee. Studying through SIDE gave me the flexibility and support I needed to reach for my dreams and aim for the grades that would get me into the course I want at university. All the teachers and support staff are brilliant. SIDE can be hard, but if you hang in there it gets easier, and it will work out in the end. A bit of advice to future students is that it may be hard at times as it isn't like going to a normal school, but hang in there because it does get easier. If it's what you want to do, don't be scared to do it. Find a way to see people as it can be hard to not have your friends to muck around with in class. In the end everything will work out even if you think it won't.

## Emily BROADBRIDGE

### MY LOCATION:

Perth, Western Australia

### PERSONAL INTERESTS:

Callisthenics, Ballet, watching films and makeup artistry.

### SUBJECTS/COURSES

#### STUDIED AT SIDE:

ATAR English, ATAR Health Studies, ATAR Maths Applications

### PLANS FOR 2018:

Study at University or continue study at Charlesworth Ballet Institute

### STUDYING THROUGH SIDE HAS...

allowed me to be independent in my studies and has given me an insight into what University will be like.

## Savanna BURTON-LOWE

### MY LOCATION:

Bali, Indonesia

### PERSONAL INTERESTS:

I enjoy meeting new people, interacting and spending time with family and friends. I have a passion for travelling and exploring different cultural beliefs around the world. I have a burning desire for wanting to help the less fortunate in the community I reside in. This includes me going out and helping in charity events and spending time in orphanages around Indonesia. My heart is dedicated to photography. I enjoy capturing life in the moment - whether its someone surfing or a lifestyle shot. In my quiet time, I meditate and I do yoga to release stress and to be more at peace with myself. Day trips to the beach with friends excite me and I enjoy letting myself go at the ocean side.

### SUBJECTS/COURSES STUDIED AT SIDE:

General English, General Mathematics Essentials, Design Photography General, Certificate II Creative Industries, General Careers and Enterprise

### PLANS FOR 2018:

My plans for 2018, is about me starting my internship as a photographer's assistant. Whilst doing so, I am planning to travel around the globe and explore different cultural beliefs and explore people and their interests in the country that they live in. Whilst travelling, I am hoping to gain more life experience and volunteer more of my time to various aspects of my life. Towards the end of my internship I am going to start planning to open my new online clothing store within Bali. I am not planning to go back into the school environment, instead I will be learning through life lessons that the world has to offer.

### STUDYING THROUGH SIDE HAS...

made me into a better person, it has made me a more independent person. It has been challenging not being able to have face-to-face communication but I have been given the help and support I have needed in order to complete my work. Studying through SIDE has made me become more focused as it has forced me to get all my work done. It has also increased my knowledge about schooling and developed me to be a bigger person than before.
